HOHENSTEIN HTTI

100% Solution-Dyed Acrylic

The best fiber for outdoor use. Color pigments are infused into the fiber before they are spun into yarn - for the best UV resistance.

UV Fade Resistance

UV protected Outdura® fabrics resist fading and remain colorfast after sun and weather exposure exceeding 2,000 testing hours.

Abrasion Resistance

Outdura® fabrics stand up extremely well to surface wear (or rubbing against another fabric during normal day-to-day use). Tested on the Wyzenbeek abrasion test scale.

Water Repellency

Outdura® fabric's water repellent finish makes it water resistant, scoring 90 of 100 on the strict AATCC spray test.
